TEA BISCUITS

COCONUT BISCUITS

Made to my maternal grandmother's recipe, these are moreish. Luckily, they are small because you won't be stopping at one!

SERVING SUGGESTIONS:
Crumble and stir through yoghurt with passionfruit. Serve beside poached rhubarb and custard.

PEANUT BUTTER COOKIES

The salty-sweet combination of fresh Australian peanuts, brown sugar and made with wholemeal flour really hits the spot.

SERVING SUGGESTIONS:
Delicious with tea or coffee, but you can't go past sprinkling crumbs over ice-cream, banana and drizzling with a chocolate sauce.

GINGER CRUNCH

A wicked New Zealand slice that a Kiwi will swoon over. It has been making an annual appearance during winter for years. A ginger shortbread base covered with a decent layer of caramel ginger icing.

SERVING SUGGESTIONS:

Serve a sliver of Ginger Crunch alongside poached pear with cream for dessert. See cover image.

APRICOT, HAZELNUT & OAT SLICE

If you think our muesli-style Pear, Oat & Vanilla Slice is delicious, you'll love this slice, made with tangy Australian dried apricots.

SERVING SUGGESTIONS:

A healthy treat to cut into fingers and tuck into a lunch box. Chop roughly and serve over warm stewed apple with cream for an instant luxury Apple Crumble.

SAVOURY BISCUITS

OAT CAKES

Made to our original British recipe, these oatcakes are perfectly thin with a typical nutty texture and elevate any cheese board.

SERVING SUGGESTIONS:

Traditionally served with stilton and surprisingly good with butter and honey.

FENNEL SABLÉS

Fennel seeds enhance the 'digestive' nature of these biscuits. Enjoy with your fancy gin, craft beer and natural wines.

SERVING SUGGESTIONS:

Crumble generously over baked potatoes and sour cream or slow-roasted whole cauliflower.

WINTER RANGE

Available May - October

Every winter, being wheat-growing season, we release a range of grocery products with a wheat field distinctively featured on the label.

Our Ginger Crunch is a winter staple and this year, being our 25th anniversary, we have included some old favourites.

Visit the Wimmera late winter to see the abundant wheat fields. The Stick Shed at Murtoa is a stunning site, its cathedral-like interior will impress, and the innovative 200km Silo Art Trail is the perfect gateway to cruise from town to town.
